SHIYON THOMAS

Web Developer – Full Stack | React Developer

+91 8075195107 | shiyonthomas@icloud.com | Linkedin/shiyonthomas | Shiyonthomas.com | Github

Professional Summary

Full Stack Developer with 3 years proven experience in React.js, TypeScript, and Node.js, specialising in building high-performance, scalable web applications. Skilled in developing RESTful APIs, integrating databases, and deploying modern full-stack solutions. Known for writing clean, reusable code, collaborating effectively across cross-functional teams, and delivering seamless, production-ready digital experiences using tools like Prisma ORM, and Tailwind CSS.

Professional Experience

Tata Consultancy Services | India, Kerala

Systems Engineer   **July 2022 – Oct 2025**

- Developed and maintained responsive web interfaces using React.js, JavaScript, and Tailwind CSS, ensuring seamless user experience across devices.
- Collaborated with product, design, and analytics teams to build and optimize full-stack digital solutions for a Fortune 50 healthcare & retail client.
- Developed reusable components and end-to-end solutions, enabling rapid feature deployment and scalable architecture for enterprise-grade applications.
- Enhanced application scalability and maintainability through modular architecture, efficient state management and optimized component design.

Recent Personal Projects

- **Job Portal (Full Stack Application)** – *React.js, Node.js (Express), Prisma, PostgreSQL, Tailwind CSS*
  Developed and deployed a full-stack job portal with authentication, job listings, and role-based dashboards. Designed RESTful APIs, integrated Prisma ORM for optimized database queries, and deployed on Vercel (frontend) and Render (backend).
- **EmberTax (Client Project)** – *React.js, Tailwind CSS, Vercel*
  Delivered a responsive tax services platform for a client, featuring optimized navigation, form integration, and smooth animations. Enhanced lead management and user interaction using EmailJS and SEO-friendly architecture.
